

P A BAR HIRE

Bar Formats

Day bar and Night Bar:

At any event the bar, the music equipment, the dance floor are all important integral elements to ensure a successful event. We can supply all of these for you event/party.

Mobile Bar:

We have day bars and night bars, fundamentally they are all the same, with different magnetic front and sides, the day bars have a rustic wood finish, whilst the night bars have shot-blast acrylic with multi-colour back led lights. The bar has a service shelf for customer's drinks and attaching beer/larger serving taps. Both designs are aesthetically pleasing to the eye, neutral colours to blend in to any environment, the led- lightings colour can be changed to suit your requirements.

The bars also have a unique huge positive if the bar-hire is for an afternoon/ evening event, the bar fronts and sides, can be changed from day bar to night bar to provide mood lighting for the evening.

Behind the decorative bar front and side, is the ergonomically design for a professional bar tender/mixologist. With all the bottle racks, shelving for glass storage, glasses, ice buckets etc, We also supply Trestle table for behind the bar, to stock various alcohol, optics if required and small fridges, we also supply beer bins for bottles or, larger and beer on tap.

Bar Description:

The bar size is standard and are unit size, allowing us to provide a bar size to meet your needs, the unit sizes are 1.2metres wide, .6metre deep and just over 1meter high . Depending upon the size and space available for your event we recommend a minimum of 2 units to give the best visual effect and allowing ample storage room behind the bar for all the required stock. The bar units are assembled side by side, alternatively depending upon the event, the bars can be in separate locations during the day and moved together for the evening.
